

COURSE OVERVIEW

STOP THE KILLING. STOP THE DYING.®

Active Shooter Incident Management (ASIM) Basic is a 4-hr **introductory** course demonstrating the ASIM Checklist integrated response process to law enforcement, fire, and EMS responders. Instructors introduce key concepts of integration and engage responders in three (3) hands-on functional exercise scenarios, enabling response practice while improving comprehension and retention.

The course addresses:

- ASIM Checklist process
- Staging
- Tactical & Contact Teams
- Casualty Collection Points
- Triage & Rescue Task Forces (RTF)
- Transport & Ambulance Exchange Points
- Incident Command
