

G-358

Evacuation and Re-entry Planning

Lincoln, Nebraska February 28— March 1, 2019

Overview:

This 12-hour course provides participants with the knowledge and skills needed to design and implement an evacuation and re-entry plan for their jurisdictions. It uses a community's vulnerability analysis and evacuation plan. It also addresses evacuation behavior and recommends methods to make evacuation and re-entry more efficient. This course does not address the decision to evacuate or re-enter.

Who should attend:

The primary audience for this training is individuals responsible for planning, implementing, and carrying out evacuations within a jurisdiction. This includes, but is not limited to, state and local government emergency program managers, emergency planners, and response personnel.

- ✓ Student must attend both days to receive the state certificate.

There is no fee to attend this course.

- ✓ Class is limited to 25 students

Registration Deadline is February 25, 2019
