Course Description:

- Demonstrate, through exercises and a final exam, an understanding of the duties, responsibilities, and capabilities of an effective Safety Officer on an All-Hazards Incident Management Team
- Identify the course objective and position-specific resource materials for the position of Safety Officer
- Describe the roles and responsibilities of the Safety Officer in assuming the position and creating an attitude of safety on an incident
- Identify the information that the Safety Officer must obtain when beginning work on an incident and potential source for obtaining that information
- Understand the distinction between a hazard and a safety risk, and identify situations and actions that are of high importance to the Safety Officer
- Describe several techniques that can be used to prioritize hazards for mitigation, as well as several types of mitigation and accident prevention
- Understand the purpose, components, and use of ICS Form 215A - Incident Action Plan Safety Analysis
- Understand and complete the ICS Form 208 HM - Site Safety and Control Plan
- Use multiple methods of communicating safety risks and mitigations through the Incident Safety Plan, Assistant Safety Officers, Safety Messages, and briefings
- Discuss the Safety Officer's interactions with the Logistics Section (and its various sub-units) to ensure that personnel needs are safely met
- Identify unsafe actions and situations potentially undertaken by incident personnel while working on the incident, how to prevent those safety risks, and how to stop unsafe operations
- Describe the Safety Officer's responsibility in dealing with accidents and special situations on an incident
- Describe the Safety Officer's role in ensuring safety and disbanding the Safety Unit during incident demobilization and closeout

Prerequisite:

- IS 100 – Introduction to the Incident Command System
- IS 200 – ICS for Single Resource and Initial Action Incidents
- ICS 300 – Intermediate ICS for Expanding Incidents
- ICS 400 – Advanced ICS for Command and General Staff
- IS 700 – National Incident Management System (NIMS) An Introduction
- IS 800 – National Response Framework, An Introduction

This class is sponsored by East Central PET Region and instructed by The Blue Cell, LLC.
