Course Overview:

- The Recovery from Disaster class is designed for local disaster recovery teams consisting of emergency managers, city/county administrators, public works directors, building inspectors, and community planners.
- The course focuses on the roles and responsibilities of each team member and provides guidance on developing a local disaster recovery plan.
- Participants are given the opportunity to develop an outline of their own recovery plan during the course.

Course Objectives:

- Increase local government awareness of issues involved in disaster recovery.
- Provide a forum for discussion of “lessons learned” in disaster recovery at the local level.
- Promote the development of a pre-disaster recovery plan.

This course is part of the FEMA Advanced Professional Series. It is one of the required courses for this certificate.

This class is sponsored by East Central PET Region and instructed by The Blue Cell, LLC.
