

# INGESTION PATHWAY

## TRAINING

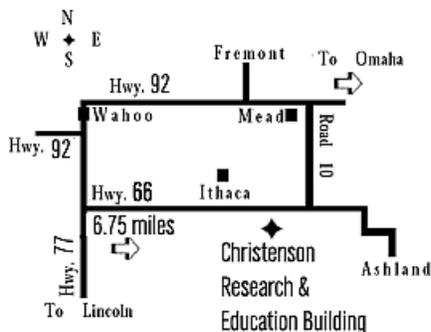

*If a nuclear power plant incident were to occur in Nebraska, how would the agriculture sector be affected? Would you know what the state's response would be and what you should do?*

**July 7, 2016**

**10:00 -11:30 am**

*registration at 9:30 am*

August N. Christenson Research and Education Building  
near Mead

training provided by

For questions, contact Debra Robinson,  
(402) 471-7408 or [debra.robinson@nebraska.gov](mailto:debra.robinson@nebraska.gov)
